

SECURITY CONGRESS APAC 2015 - THE REGION'S PREMIERE EVENT FOR INFORMATION SECURITY PROFESSIONALS

Since 2006, the (ISC)² annual SecureAsia conference has been an excellent platform for information security professionals to share and exchange their knowledge and experience as well as discuss the latest security and technology breakthroughs. In celebration of SecureAsia's 10th anniversary, it returns to Manila, Philippines as **(ISC)² Security Congress APAC** - an even bigger event for information security professionals across Asia-Pacific. Join over 350 InfoSec professionals at the Sofitel Philippine Plaza Manila on July 28-29 for peer-to-peer networking and insightful discourse.

With a goal to "Secure Tomorrow Today", over 20 top-notch speakers representing academia, government and industry from Americas, Asia and Europe will discuss issues currently faced by InfoSec Professionals worldwide such as Security and Adoption of IPv6, Threat Modeling, Cloud Security, Forensics, APTs, etc. Hands-on technical workshops will also be available for attendees looking for an in-depth technical study.

Key benefits of attending:

- Unparalleled networking opportunities with over 350 InfoSec Professionals
- Meet with 20+ International Industry Leaders
- Sharing of national & international cases from 20+ expert speakers and government representatives
- Understand the latest development and challenges of the industry through Hands-on workshops, Regional Roundtable & 10+ Sessions
- Learn how to devise an agile and proactive security and risk management roadmap
